CANCELLED
6:00pm
Willoughby Hills
Community Center

BOARD MEETING
November 10th
6:00pm
Willoughby Hills
Community Center

President's Message

Well, it has been a very hectic but hopefully productive fall. We registered about 16 voters at Lake Erie College and will hopefully register a lot more at Lakeland Community College. We have scheduled four candidate forums and I hope each of our members can attend at least one of them.

The Naturalization Ceremony at President Garfield's home was impressive, as usual. This time the weather cooperated for a beautiful outdoor ceremony. We had plenty of refreshments to serve to the 26 new citizens and their families. We also registered 17 of them to vote! Ellen led a wonderful program with the Board of Elections to talk about why more people don't vote. I left the meeting very confident that Jan and Russ do everything they can to assist voters and to make sure that each vote that is cast counts.

We are also doing a local study about behavioral health (mental health and addiction issues), which we plan to use as a basis for a Lake County position. I hope that you will be able to attend the first meeting, on October 8 (note that it is the second Saturday rather than the third due to a conflict) at 10 a.m. at the United Way office. Susan McGuinness, Joyce Grady and Glen Gross have been working hard to access information about the reality of behavioral health issues and care in our county. At this meeting Susan will present information about the people who need care in our county. At the November 19 meeting, we will hear more about the facilities and programs currently in place, and then spend time responding to consensus questions. It would be best if you could attend both meetings, but one is better than none!

Thanks to all of our members who volunteered to help at the two voter registration sites, and to those who will be moderating, timing or attending candidate forums. Special thanks to Ellen who is picking up the slack with voter service activities as I head off to Vermont to meet a new granddaughter.

Beth Hutton

Board Meetings
 Second Thursday of every month
 6:00pm
 Willoughby Hills
 Community Center
 (Open to all LWV members)

General Meetings
 Third Saturday of every month
 10:00am
 Location Varies
 (Open to the public)

October Program Meeting:
October 8, 2016 10:00 a.m.

An Assessment of Behavioral Health Problems in Lake County
 Behavioral health is a term used to encompass mental health and substance abuse. At the October 8th meeting the task force on behavioral health will present their findings. A behavioral health questionnaire will be distributed to members.

At the November meeting the Lake County LWV task force on behavioral health will present information on behavioral health services that currently exist in Lake County and gaps in services. Members will then have the opportunity to complete the behavioral health questionnaire.
